Coolest protection under the sun

GoSo Polo Shirt range

The GoSo Long Sleeve Polo Shirt is a stylish and versatile shirt made from a cool, lightweight Australian fabric offering the wearer maximum UPF50+ sunprotection.

GoSo Polo Shirts have vented gussets under the arms to allow for added air movement throughout the shirt and adjustable sleeve tabs for versatility. The Sunwise Collar allows for added protection to the back of the neck and the stylish trim gives the shirt a sharp and distinctive look, which makes it a great addition to your smart casual wear for summer.

The GoSo Long Sleeve Polo Shirt is made from a revolutionary new MicroTex fabric which features a superior softness and allows for cool air movement yet blocks out 98 per cent of all UV rays. The moisture management treatment draws sweat away from the body to increase comfort and keep the wearer cooler and drier. The added sanitized and antimicrobial treatment greatly reduces odour retention in the fabric.

With easy care instructions, quick drying properties, high wearing durability and a great range of colours the GoSo Long Sleeve Polo Shirt is ideal for all outdoor recreational activities from the mountains to the sea.

Sensible sun protection is a key element to enjoying a long, happy and healthy life in the great outdoors. Check out the full range of GoSo Adventure Wear Adapt-A-Caps, shirts and gloves.
